

CORPORATE AT LE PONT

Where Teams Reconnect and Ideas Flow

A change of scenery changes everything!

Le Pont de l'Amitié

About Le Pont de l'Amitié

Founded in 2017 as Jeddah's first private women's wellness beach, Le Pont de l'Amitié has evolved into a one-of-a-kind seaside retreat for connection, creativity, and celebration.

Nestled along the Red Sea, Le Pont blends natural beauty with refined hospitality. Today, it serves as an exclusive venue for corporate retreats, wellness days, team-building events, and private gatherings – designed to help people step away from routine and reconnect with themselves, with one another, and with fresh energy and new ideas.

Whether for a strategy meeting, brand event, or company celebration, Le Pont offers a
refreshing alternative to hotel ballrooms and indoor conference halls.
Here, the horizon is your backdrop, and every breeze inspires possibility.
